

EXPENSE REDUCTION SOLUTIONS

Solutions to optimize sites across an entire portfolio.

The upfront capital investment to fully embrace 5G will be enormous.

The operating expenditures to deploy and manage all of these sites will increase – representing a delicate tightrope act that will require new skills and new ways of support in order for the operators to be successful.

When the cost of 5G is combined with penetrations levels in excess of 100%, and an insatiable consumer demand for mobile data, operators must change the way they deploy and operate their networks.

Md7 provides innovative solutions to optimize entire portfolio of cell sites.

LEASE OPTIMIZATION

- Locked-in long-term rent savings
- Enhanced long-term expansion rights
- Long-term site security

EXPIRATIONS & RENEWALS

- Extend expiring leases
- Improve lease economics
- Enhanced lease terms

PREPAYMENTS / BUYOUTS

- Win/Win for operator and landlord
- Lump sum payment to landlord
- Enhanced long-term expansion rights
- Long-term site security

IMPROVE LEASE TERMS

- Expansion rights
- 24/7 access
- Automatic term renewals

Md7 has been developing innovative solutions for communications networks since 2003.
